Clinics IV Life

Maternal and Newborn Care for destitute communities

Our Clinic Eco-System Explained

Our Care Cornerstones

We exist to serve the needs of our patients and the care we offer to mothers and newborn is modelled on four key concepts. Explore an overview of our **care cornerstones**

Outreach

We engage with our communities, participating in vaccine drives for babies, offer dietary advice for expectant mothers and infants, and so much more.

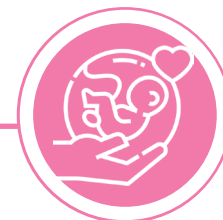

Education is Key

The road to health is a journey we undertake **with** our patients, educating them about their bodies and the care they will receive in our clinics.

Dignity in Care

Our patients are often among the most vulnerable members of the community and we ensure they are treated like the VIP's they are.

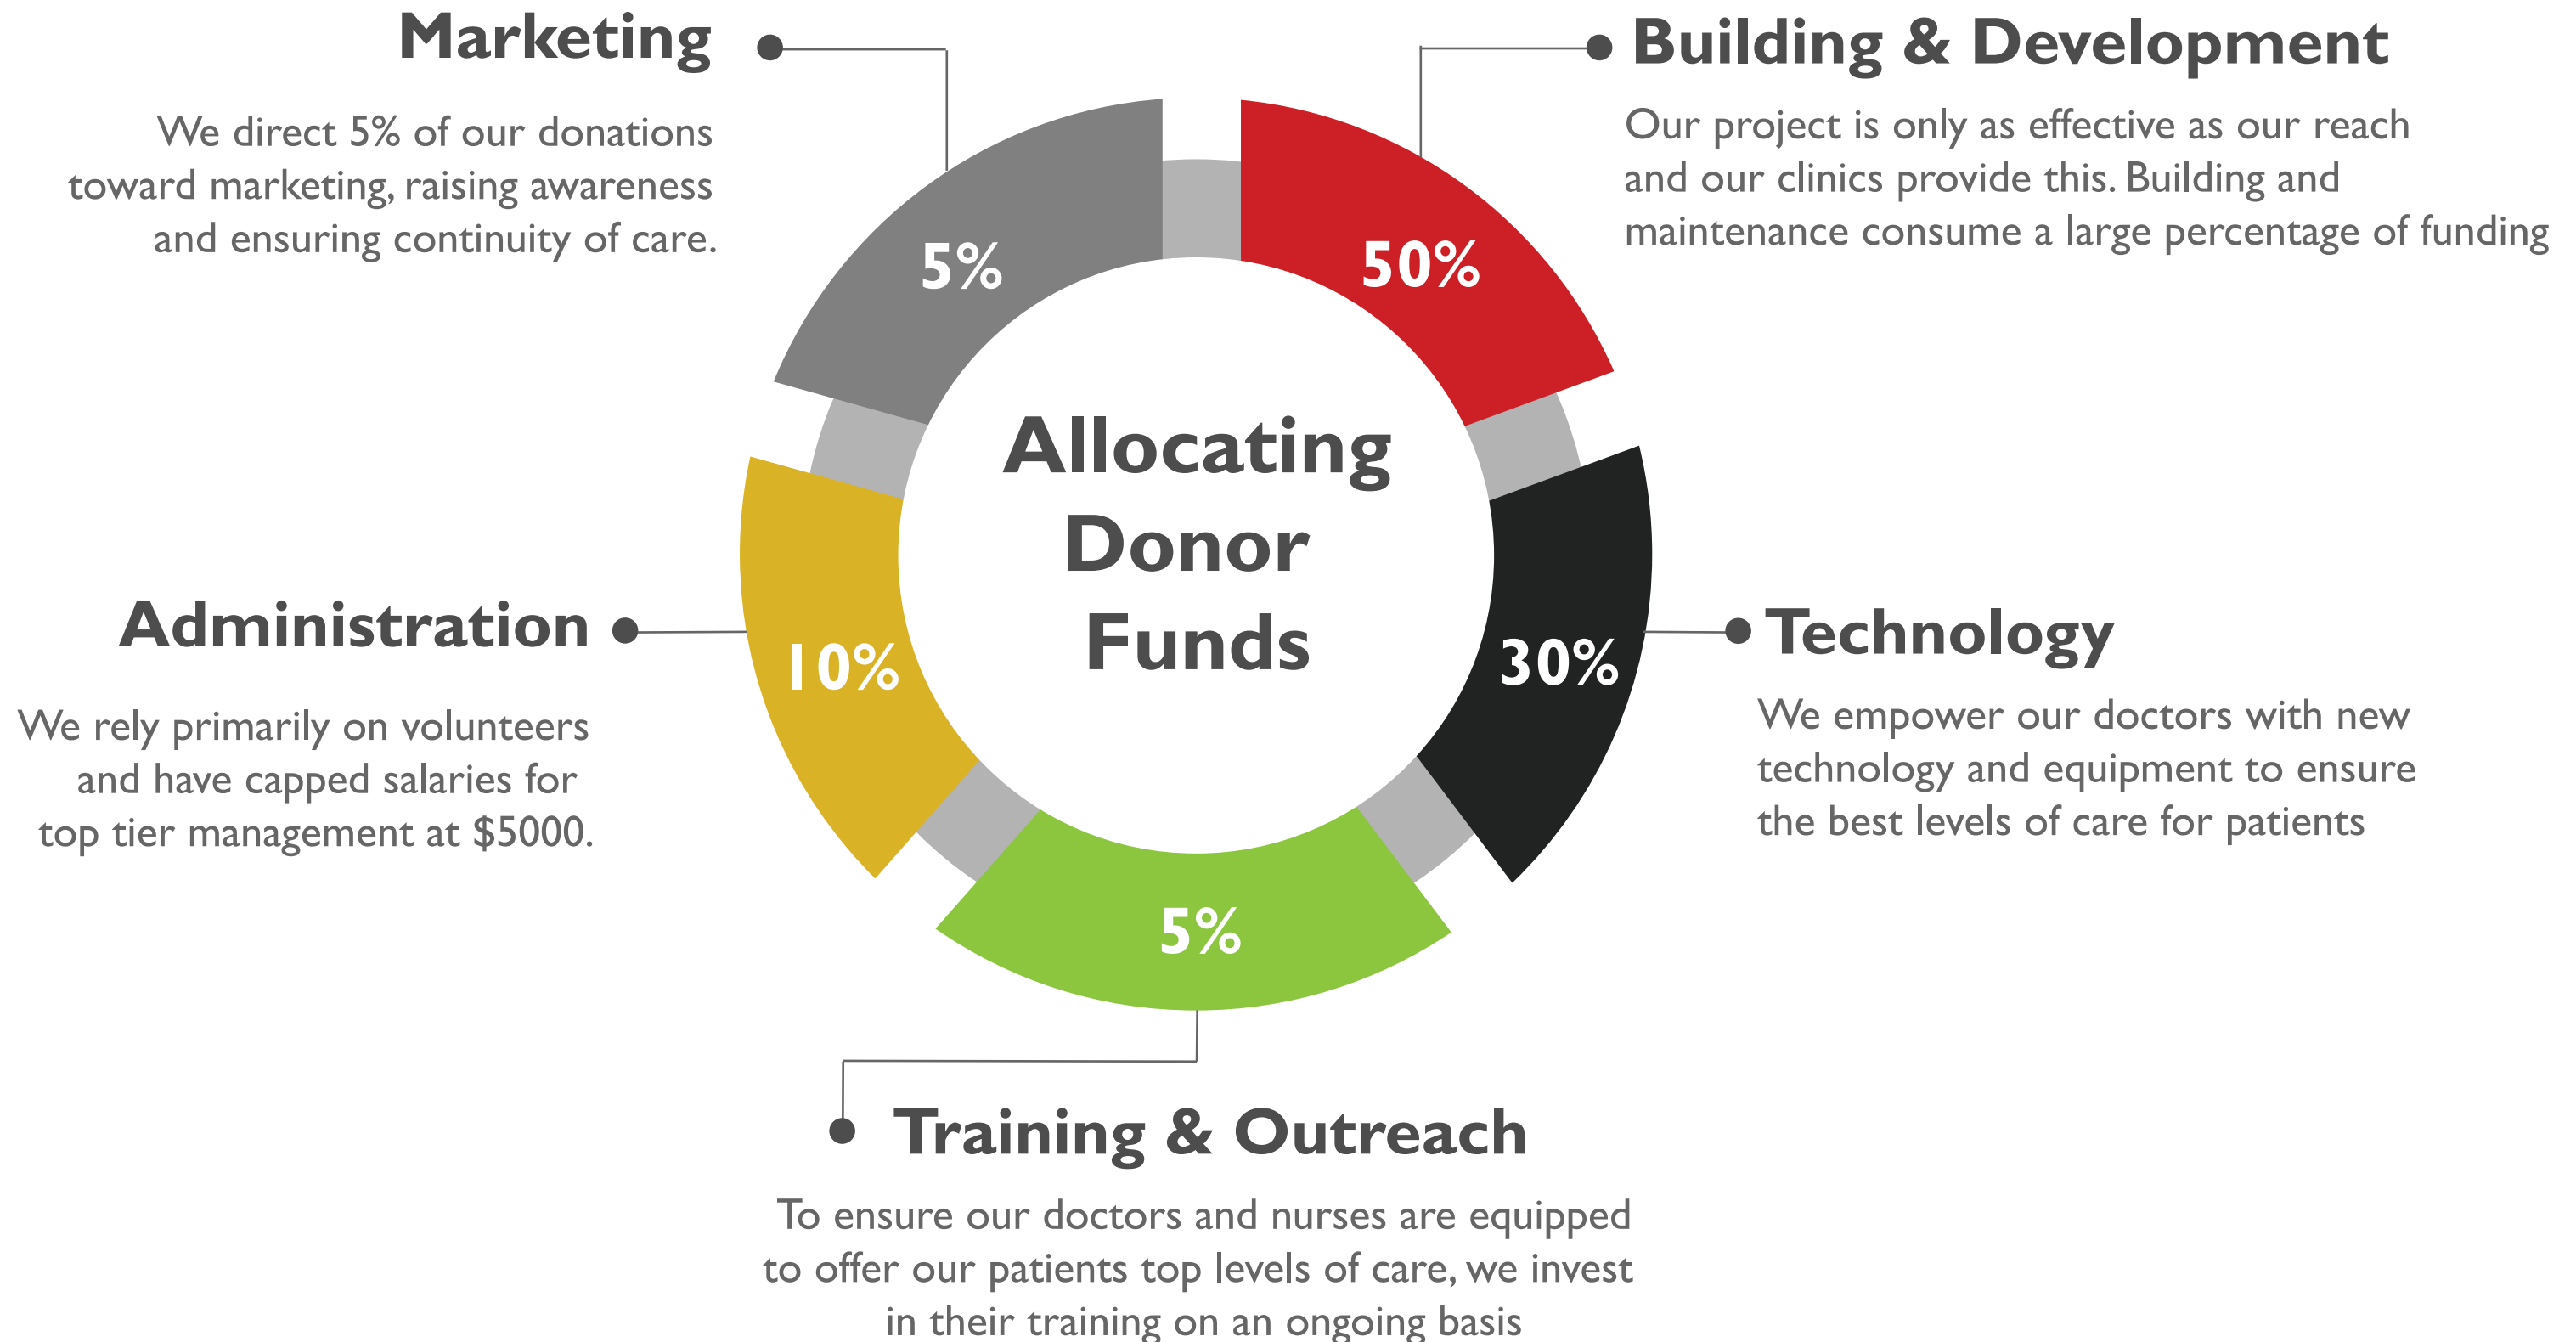

Aftercare

Pregnancy doesn't end at birth, with women requiring postnatal care for both themselves and their newborn. We look after both mum and her baby.

How Your Generosity Drives Change

For only **\$60** we can provide maternal care to
a mother for a year

Help Us Help Those Less Fortunate

For Corporate and large donations, please visit our website to request banking details and a W9, or ask our representative to provide these details.

Our EIN Number

Our EIN number is 92-3213285.
If you are donating from within the United States,
you may require this number.

Our 501(c)(3) Status

We are registered in Texas as a not-for-profit
and as a 501(c)(3) corporation your donation is
tax deductible to the full extent of the law
